DETAILED ACTION

Objection to specification

The objection to the disclosure held by the Examiner is withdrawn in view of Applicant's amended specification that fixes the positional relationship of the second conduit (44), first conduit (42) and main conduit (34) by substituting "upstream" for "downstream" or "downstream" for "upstream".

Objection to claim 4

The objection to claim 4 held by the Examiner is withdrawn in view of Applicant's amended claim adding the word "to" after the word "adjacent" in line 2 of claim 4.

Rejection under 35 USC § 112

Examiner withdraws rejection to claims 1, 13, and 15 held under 35 USC § 112 Second Paragraph as being indefinite in view of Applicant's amended claims 1, 13 and 15. Applicant amends each of claims 1, 13 and 15 to provide for the correct orientation of the second conduit (44), first conduit (42) and main conduit (34) in their positional arranged relationship with each other by substituting "upstream" for "downstream" or "downstream" for "upstream". Claims 1-19 are now in condition for allowance.
